## INTERPROFESSIONAL FELLOWSHIP PROGRAM IN PSYCHOSOCIAL REHABILITATION AND RECOVERY ORIENTED SERVICES

The U.S. Department of Veterans Affairs (VA) announces openings for the 2008 – 2009 academic year of its Inter-professional Fellowship Program in Psychosocial Rehabilitation and Recovery Oriented Services for veterans with serious mental illness. The Fellowship Program is a state-of-the-art, clinical training program that focuses on the theory and practice of psychosocial rehabilitation and recovery. Individualized, mentored clinical and research training is combined with a curriculum that emphasizes a comprehensive psychosocial rehabilitation approach to service delivery, education, and implementing change in a mental health care setting. Fellows will work with veterans with serious mental illnesses and receive training in delivering a range of evidence-based practices. The purpose of the Inter-professional Fellowship Program is to develop future mental health leaders with vision, knowledge, and commitment to transform mental health care systems in the 21st century by emphasizing functional capability, rehabilitation, and recovery. The Fellowship Program is offered at seven VA sites.

Applications are solicited across a range of disciplines (including social work, psychology, psychiatry, nursing, vocational rehabilitation, and occupational therapy). The fellowship is either full or half time for social work and all social work fellows must be graduates of accredited masters or doctoral programs in social work. All fellows must be U.S. citizens. Stipends are competitive and are based on

location and discipline. Full time fellows are eligible for health and life insurance benefits. All fellows earn leave and are entitled to Federal holidays.

Applications will be accepted and reviewed at each site until all positions are filled. Application requirements and specifications may differ across sites, so please contact the Fellowship Director at each site of interest.

## **MARCH 2008: SOCIAL WORK MONTH**

Social Work Month is a great opportunity to showcase social workers to key audiences. From small gathering to large events, the information should be disseminated. Here are few of some suggestions made by the NASW (visit NASW website for more information) of ways to leverage Social Work Month:

- Panel Discussion – Hold a conference or panel discussion about the “strengths perspective” as it relates to families and communities.
- Exhibit – Set up an exhibition booth at a local hospital, school or community center to disseminate information about social work.
- Banners – Display banners in highly visible areas promoting March as National Professional SW Month.

- By 2025, at least half of all transportation energy consumed in the Midwest would come from biofuels produced in the region.
